

## Mother's Day - 2021

Remember back when we just met  
it seems so long ago.  
The time has gone so speedily  
we're always on the go.

To slow down time cannot be done  
so just enjoy the ride.  
And count our blessings one-by-one  
they are always at our side.

Those blessings aren't always such  
when they nag and they annoy.  
But God still has it in His plan  
to turn that into joy.

Life seems to show its ugly side  
when evil men are in charge.  
But focus needs to turn from them  
we need to spiritually re-charge.

It's in His plan that we are here  
to fight for Him and ours.  
So, hoe the row, and fight the fight  
with Our Lady, the Morning Star.

With Love,  
-Andy
